

Academic QA — Error Report

Module: sample.pdf

Exam: JEE Main

Class / learner: Class 11

Subject: Physics

Pages: 1

Generated: 25/9/2026, 11:12:51 pm

Summary

Validated errors: 7

Critical / Major / Minor: 7 / 0 / 0

Candidate findings rejected by verifier: 0

Pages with errors: 1 of 1

By category

Category	Errors
conceptual	4
units-notation	1
answer-key	1
diagram-reference	1

Chapter-by-chapter

Chapter	Critical	Major	Minor
Motion in a Straight Line	7	0	0

Topic-by-topic

Topic	Chapter	Errors
3.1	Motion in a Straight Line	7

Page-by-page

Page	Errors	IDs
1	7	E-001, E-002, E-003, E-004, E-005, E-006, E-007

Question-by-question

Question	Page	Category	Issue
Q1	1	answer-key	test

Error log

1. E-001 p.1 · CRITICAL · conceptual · conf 95%
Motion in a Straight Line > 3.1
ORIGINAL
displacement is $s = ut + at^2$
CORRECTED
displacement is $s = ut + \frac{1}{2}at^2$
WHY
test

2. E-002 p.1 · CRITICAL · conceptual · conf 95%

Motion in a Straight Line > 3.1

ORIGINAL

$$v^2 = u^2 + as$$

CORRECTED

$$v^2 = u^2 + 2as$$

WHY

test

3. E-003 p.1 · CRITICAL · conceptual · conf 95%

Motion in a Straight Line > 3.1

ORIGINAL

gives the acceleration of the particle

CORRECTED

gives the displacement of the particle

WHY

test

4. E-004 p.1 · CRITICAL · units-notation · conf 95%

Motion in a Straight Line > 3.1

ORIGINAL

$$g \approx 9.8 \text{ m/s in}$$

CORRECTED

$$g \approx 9.8 \text{ m/s}^2 \text{ in}$$

WHY

test

5. E-005 p.1 · CRITICAL · conceptual · conf 95%

Motion in a Straight Line > 3.1

ORIGINAL

covers a distance $h = gt^2$ in time t

CORRECTED

covers a distance $h = \frac{1}{2}gt^2$ in time t

WHY

test

6. E-006 p.1 · CRITICAL · answer-key · Q1 · conf 95%

Motion in a Straight Line > 3.1

ORIGINAL

Q1. (C)

CORRECTED

Q1. (B)

WHY

test

7. E-007 p.1 · CRITICAL · diagram-reference · conf 95%

Motion in a Straight Line > 3.1

ORIGINAL

Figure 3.4 arrow label

CORRECTED

should point downward

WHY

test
